

# Introducing the new Timespace V600

DRIVING SECURITY

Timespace continues to develop digital video recorders (DVRs) to support the latest high resolution cameras. The introduction of the V600 AHD DVR complements Timespace's existing range of IP camera DVRs, and provides the bus and coach industry with a new option for vehicle CCTV.

## Benefits

- Utilise the latest 720P and 1080P AHD cameras
- Plug and play camera installation
- Improved image resolution at V400 data rates
- Built-in CAN data recording
- Allows continued use of existing SD/IP cameras with gradual replacement to AHD.

## Compatibility

- Compatible with the latest Timespace applications and accessories
- Same size as V400 and plug/pin compatible.

Feature	V600	V400
